

**LABORATORY SERVICE BILLING ACKNOWLEDGEMENT**

Your medical provider feels you should have some lab testing, which we will collect at Med Stop and then send to an independent laboratory. Most of our lab testing is done at WestPac Lab but in some cases, we use other laboratories.

**Your bill for medical services provided at Med Stop today does not include any of these outside laboratory charges. You and / or your insurance company will be billed separately for these outside services from the laboratory.**

Depending on your particular insurance plan coverage, co-pays and deductibles, you may be personally responsible to pay all or a part of the laboratory charges.

Your signature below acknowledges your understanding that these lab services are ultimately your financial responsibility and not cover by your Med Stop bill.

If you have any questions about what laboratory services we are ordering and why, please ask your medical provider.
